I am forwarding by this mail through Mr. Pattamachetty my D.C. in Kolar an application for 6 months' extension of leave.

I shall be very much obliged if you would place it before for his favourable consideration as early as possible & if you will

My application

With kind regards

also be so kind as to let me know the orders of Sir Thomas Hesketh as soon as they are passed, as it will be a great relief to know one way or the other for certain & I don't want to have to say another word on the subject to worry over but when reading hand for my final exam.

I have successfully negotiated three examinations since arriving in England & now have only the final to pass, but unless Sir Thomas will be so kind as to extend my leave I fear I shall not be able to go up for the final & the main object of my present leave will thus be frustrated.

I shall be much obliged if you will give your support to

2. Mr Plumer asks for an extension of six months' leave to enable him to appear for the Final Examination at the Bar. Under the circumstances

detailed in his letter I would strongly recommend his request being granted.

From what I know of this officer and his work in Mysore, I have no hesitation in saying that he is fully deserving of the concession which he has applied for and I trust that the same will be generously extended to him.

From R. B. Plumer Esq.
Assistant Commissioner and 1st Class Magt
Kolar Gold Fields. (on furlough in England

Dated 16th Novr 1904

Sir.

I have the honor to request the favorable consideration of the Govt of H. H the Maharajah of Mysore to this my application for an extension of six months leave, which I am, for the following reasons, compelled to make:

As is well known to Government, the main object of my present leave has been to improve my qualifications for this service by keeping the terms and passing the examinations, prescribed for the English Bar. The Government were good enough to sympathize with this object and to further its accomplishment by the substantial grant of a special allowance of Rs200/- a month for the whole period of my present leave.

For my part I have done all that was, so far possible towards fulfilling that object. Immediately on arrival in England I entered myself as Student at Lincolns Inn, and within six months I have passed all three of the examinations leading up to the final one, and in two out of the three

I secured a second class.

3. My present leave expires on the 28th May 1904. and in order to rejoin duty within my leave, I need to leave England about the first week in May.

4. By the Rules of the Council for Legal Education, six terms are prescribed to be kept before a Student may appear for the Final Exam^ns. If this is enforced in my case I cannot appear for it till October 1905. – for there are only four terms in the year, one in Jan^y one in March (1 April is in May) one in May or June (accord^g to Easter) and one in November – so that by May next I shall have kept five, & by Oct^r next six, terms –

5. I am however assured that the Council, in special cases such as mine, will grant a student permission to appear for the final after only five terms – for that permission I am now applying, (I could not do so before, until I had passed my other exam^ns). If I get this exemption I can appear for my final at the exam^n to be held either at the end of May, or early in June (the date is not yet fixed)

6. Thus, to enable me to appear for the final Exam^n either in May (or June) or in October, an extension of leave is absolutely necessary – I therefor now request the favor of my present leave being extended by six months.

7 This will enable me to meet either eventuality; if Council allow me to go up in May, and if I pass, I should only need to await myself of two months Extension i.e. till the 28th July '05

if I am not allowed to go up in May, or if I fail, I could appear in October, reporting duty in Mysore by the 28 Nov. '05

I do not anticipate either refusal or failure, but to want to make my applic.n for an extension of leave would be too late.

All I know for certain would be too late.

If Government cannot grant me an extension of leave, I shall not be able to go up for my Final before I return to India, and the main object of my leave, and of the special allowance thereto attached, will be frustrated. I shall lose for exam.n purposes the benefit of my present reading. I shall not be able to take long leave again for 8 or 10 years. The special subjects of exam.n will all be changed, and at over 40 years of age, I shall have to begin again when reading for examinations will be even more difficult than at present.

I am aware that any extension of leave must be Extraordinary Leave or loss of all ordinary leave allowances, but I am prepared to face the pecuniary loss which this will entail, in order to attain the object in view. I however sincerely hope, and earnestly request, that Government will continue to give me their kindly help in this matter by permitting me to draw, during such extension of leave as may be sanctioned, the special exam.n allowance of Rs 200/ a month which they are

now so generously granting to me -

10. I can, and do, assure Government that I shall not avail myself of any longer period out of such extension of leave, than may be absolutely necessary to enable me to appear for, and I hope to pass, the re examination still left to fully qualify myself as far as literary work goes for the English Bar -

11. In conclusion I trust that the above reasons may be found sufficient to support my application and I would ask to be favored with the early orders of Government thereon -

I have the honor to remain
Sir
Yr Very obedient servant -
R B Plumer
